

# The Grapevine

As another year draws to a close it's the perfect time to reflect on the previous 12 months.

2018 has been a particularly poignant year, marking the 100<sup>th</sup> Anniversary of the end of WW1 and you can read about how we remembered this historic event as a village here in the Grapevine or on the village website.

It was yet another busy year for Hankerton - as well as the weekly coffee mornings and other regular activities we somehow managed to squeeze in First Aid Training, the Lent Lunch, the Church Supper, an exhibition by the History Group in the Athelstan Museum in Malmesbury, The Hankerton Great British Bake-off to celebrate the Royal Wedding, the Strawberry Tea, the Street Fayre, the Charlton and Hankerton Quiz, the Harvest Lunch and a Prosecco and Puddings evening – not bad going for such a tiny village! As always, we thank everyone who was involved in organising and helping with these events and if you'd like to help in the future just get in touch and we'll pass you on to the right people. Looks like 2019 could be just as busy!

Merry Xmas and a Very Happy New Year,

Eds

## BEWARE BEWARE BEWARE

A house in Follyfield was broken into sometime between Wednesday 21st November and Friday 23<sup>rd</sup>. The thieves gained access by smashing the patio door at the back whilst the house was empty and removed cash and valuables.

Police advise people to be extra vigilant and to report any unusual activity.

### Nature Diary – December 2018.

There are three species of birds called Woodpeckers resident in Great Britain, (curiously there are no woodpeckers in Ireland), and with the trees now devoid of leaves, winter is a good time to actually catch sight of them. The Wryneck is also in the woodpecker family but a rare UK visitor.

The three species are, in diminishing size order, the Green Woodpecker (*Picus viridis*), the Great Spotted Woodpecker (seen left) (*Dendrocopos major*), and the Lesser Spotted Woodpecker (*Dendrocopos minor*). [Note that the smallest is called the “lesser” but that its larger cousin is the “great” and not the “greater”]. To

give you some idea of size, the Great is similar in size to a Starling, and the Lesser about House Sparrow size.

Both the Great and the Green are more numerous than they were, perhaps because more dead trees are left standing instead of felling and “tidying them up”, but for reasons not understood at present the Lesser is in decline and you would be very fortunate to see one. The Great and Lesser feed on insects and grubs, usually found on or under the bark of trees, but the bigger Great is also known to raid the nests of small birds and take eggs and chicks. They also both nest in holes in tree trunks, and perhaps there is some competition between the species for resources, and an increase in numbers of Great Spotted may be part of the reason for the decline in Lessers.

The Great and the Lesser are the species that drum on trees to advertise their presence and establish territories, and you will certainly hear the Greats around Hankerton come the New Year. You may also hear regular knocking in the trees, and this will be the woodpecker breaking into the wood looking for its food. If the Great Spotted is aware of your presence he will utter an alarm call, which is described as a loud “tchik”. As it flies away you will notice that its flight is undulating.

The Green Woodpecker (seen right) is about the size of a Jackdaw and has a bright green colour with red and black markings around the head. They are nervous, so binoculars would be required to see these markings clearly, and when disturbed will fly away, often uttering their alarm call as they fly. This call is very distinctive, and sounds like a very loud and harsh, repetitive laugh. This call was the reason for its country name of “Yaffle”, a word I think describes its call very well. Unlike the two species already described, the Green feeds mainly on ants (adults and grubs), and you are just as likely to see one hopping around on lawns in the village probing the ground for its prey.

So as you walk around Hankerton, your ears will probably be more important than your eyes for making you aware of the presence of one of our woodpeckers, and let me know if you agree that “yaffle” is a good description of the call of the Green.

Steve Davies.

## Gaz Runs the Atlantic Coast Challenge

Big thanks to all that supported and sponsored me for the 2018 Atlantic Coast Challenge over the weekend of the 5<sup>th</sup> to the 7<sup>th</sup> October.

Friday's 27 miles was completed in beautiful Cornish sunshine, but with hot dehydrated running and the added 'bonus' of wading through a river estuary at high tide! Saturday's 26.5 miles delivered its own test in the form of 40mph northerly winds and torrential rain; pretty intense when running along cliff tops and long sandy beaches! Sunday's 29 miles once again brought plenty of sunshine, with Cornwall at its glorious best. This was the hardest day along some of the most wild and remote Cornish landscape, finishing at Land's End for a well-deserved medal and pastry.

All-in-all a fantastic weekend of running, with the best support team ever of Ellen and our four children. Thanks to the support we received, we have raised a fantastic total of **£1,239.25** (including Gift Aid) for **Children with Cancer UK**.

If I haven't managed to thank you personally, I will make sure to do so.

**Gareth Lambert-Jones**

### FOREVER

To have been there to hear You preach – I realise is beyond my  
reach

But just to dream – And thus to seem

To see the look within Your eyes – To realise...

That during the passage of time – Reading of You, line by line  
Your words passed down each day – As we think when we pray  
Of the expression on Your face – To experience Your Grace  
Listen through the years and hear You speak – To the multitude,  
the blind, the deaf, the weak.

Just to hear the sound of Your Voice – And rejoice...

It's whom You are and what You say – Makes Your Message  
descend to the present day

From nigh on two thousand years ago – I'm glad it's You who's  
in the know

So even though we couldn't be on the strand – To listen to You,  
Lord, at first hand

You can still change our lives for the better – It helps us if we read

Your Love Letter

And through these heavenly words be reconciled – Dear Father.

Lord, we again become Your child...

Restore us to be by Your side – Be as our Comforter, our Guide.

You will reform us to the core – Vanquish our sins, this we

Implore

For as we're reborn, we're Your new creation - We seek You,

Lord, in anticipation

To be seated at Your feet – Would make our lives so complete

Just to hear you, Lord – To be near you, Lord.

Still we revere Your Holy Name – so since you ARE, We are

not the same

We are transformed, as we make a new start – For You have

placed peace within our hearts

Living can still be difficult that is quite true – But Forever can be

ours if we seek it in You...

Sitting in my office it is really chilly today. Frost season is upon us and on goes the heating. More people than you think struggle with the cost of heating. For those of us in the rural villages, we rely on electricity or oil, both of which are expensive and oil purchases mean careful budgeting to afford the cost of filling the tank! Although cheaper, gas is expensive too. It's wonderful that at this time of year Wiltshire Community Foundation run their Surviving Winter Grants which collects funds from those who would like to donate and ensure that the money is distributed to those in need. Please do contact me for more information.

**To be eligible for a grant someone must;**

- be considered to live in fuel poverty (***spend more than 10% of their annual household income on fuel to keep their home warm and in a 'satisfactory' condition***)
- be in receipt of eligible means-tested benefits

**And fall into one of the categories below;**

- be pensionable age and affected by fuel poverty
- be of working age with a disability or a long-term health condition which affects their ability to keep warm
- be in receipt of Better 2gether childcare funding for their 2 year old

Please get in touch if I can help with any of the above.

As ever, I am around for general help and support on a wide variety of issues including transport, mobility and safety around the home and reducing the feeling of loneliness. Give me a call on 07557 922020 and leave a message. I will get back to you as soon as possible.

Can I please say a massive thank you to everyone who helped search for my pony Teddy when he managed to escape from his paddock. He was eventually found in the churchyard with a very full tummy! You all know who you are so thank you again.

## Hankerton Parish Council

At its meeting on 5 November the parish council:

- Dan Lydiate agreed to update the village's emergency plan. See the article, Winter is Coming – Be Prepared!
- Was informed by Alan Jackson of discussions with Wiltshire Council, resulting in works to fill in the worst pot holes in Cloatley Road and Church Lane
- Was updated by Pam Walkinshaw that she has reported two incidents of fly tipping, which have been cleared
- Was updated by Shayne Smith that the Malmesbury GP surgery is now open on Thursday evenings and Saturday mornings. Also it is part of a rota of local surgeries that are open seven days a week, 8am to 8pm.
- Discussed where to place a defibrillator, following the decision at the previous meeting to buy one. The defibrillator needs to be connected to an electricity supply. One option is to place it in the phone box by adopting the phone box from BT for £1. However, this would make the phone box unavailable for phone calls. In recent years very few if no phone calls have been made from the phone box. Contact John Thorne if you have a view about this: [john.thorne@islington.gov.uk](mailto:john.thorne@islington.gov.uk); tel. 575498

All meetings are open to the public. The next meeting is on Monday 14 January, 7.30pm; North Aisle. More information about the Parish Council is on the Hankerton website

### Charlton Recreation Centre Committee Update November 2018 (Anne Hodgkins)

**Quiz Night:** The Village Hall was packed on 13 October, as 67 people assembled to tackle a range of tricky (even cheesy!) questions at the fund-raising Quiz Night. The raffle raised £252, towards Esme, Alex and Lotte's school trip to India, while ticket and bar sales generated £537 for projects at the recreation centre. Many thanks to all those involved in organising and supporting the event.

### PROJECT NEWS

**External Cladding:** The repairs and treatment of the external cladding has been completed.

**Heating:** The committee has obtained quotes for replacing the heaters. All in the region of £6,000 and the management committee is exploring ways of raising the money needed to carry out this work.

### Charlton Recreational Centre Annual General Meeting – 22 November 2018

By the time you read this, the Recreation Centre AGM will have taken place. Details from the meeting will be included in the next issue.

## Chocolate Tia Maria Nuggets

Try our simple but deliciously indulgent Xmas recipe!  
Takes 20 mins plus chilling time – makes around 30

### Ingredients:

- 142ml carton double cream
- 200g bar dark chocolate, broken into small pieces
- 4 tbsp Tia Maria (other liqueurs could be used instead)
- Icing sugar and cocoa powder to coat

### Method:

1. Bring the cream to the boil in a small pan. Remove from the heat and stir in the chocolate until it has melted. Stir in the liqueur and pour into a bowl. Cool, then chill until firm, about 4 hrs, or overnight.
2. Sprinkle a sheet of greaseproof paper with icing sugar and another with cocoa powder. Take a teaspoon and scoop nuggets of truffle mix out of the bowl and onto either the paper with cocoa powder or icing sugar. Use two teaspoons to coat the nuggets then transfer them to paper sweet cases. Pack into paper sweet cases in boxes and chill. Store for up to 2 weeks (as if that's likely to happen!).

Enjoy!

## Hankerton History Group

An exhibition commemorating the family members and village men who served in WWI was produced by members of the Hankerton History Group for November 10th and Remembrance Sunday.

Many complementary comments were received saying how much it was appreciated, how good the research was, and how poignant the stories were.

The afternoon Remembrance service was very well attended by over 55 people. The short service of readings, music and prayers was followed by 2 minutes silence around the Commonwealth war grave. A memorial tree, donated by the Lewin family, was planted. This event was concluded by tea with delicious cakes. (Many thanks to Rosey and Susan).

Thank you to everyone who worked hard to ensure the success of this event of remembrance.

'We will remember them.'
