

## HANKERTON BRIDGE 2015

In March 2015 Hankerton Bridge was rebuilt, resulting in the road being closed for several weeks. The construction activity became a sight of great interest to Hankerton villagers who were issued with a weekly progress report by Wiltshire Council. In true Hankerton spirit the builders became a temporary part of the fabric of the village and the recipients of periodic refreshments. They still seemed a little surprised with the formal opening ceremony but seemed to enjoy the occasion.
